WILL IS UNSWERVING

Emperor Nicholas Is Strictly Determined on Convocation.

IS GLADLY RECEIVED

One Journal Hails the New Assurance With Much Satisfaction, Saying Words Are Conso-lation to Russia.

St. Petersburg, April 25.—"My will regarding the convocation of representatives of the people is unswerving and the minister of the interior is making every effort for its speedy realization."

Emperor Nicholas receiving in audience at Tsarskoe-Selo Sunday Marshal of the Nobility Kostrome, of the government of Middle Russia, directed the above message to be communicated to the nobility of Kostrome. The message was evidently designed to be published to quiet the fears of those who are impatient at delays and who have grown skeptical of the fulfillment of the promises contained in Imperial rescripts. It is very significant the emperor used the words, "convocation of representatives of the people," thus going beyond the expressions employed in the rescript, and setting at rest all doubt as to his meaning. The Novoe Vremya hails the new assurance with

KAMRANH BAY.

much satisfaction, saying: "These words spread over Russia like a great consolation. They tranquilize the yearning of all classes of society, even where hope being crushed by impatience and under influence of ridicule heaped from certain quarters on the Russian representation, and where it is ironically predicted the representatives will never be convoked."

The Moscow Gazette published the emperor's statement under a double eagle and said: "Now let all Russia's well wishers cease their jeremiads against the convocation representation of the people."

ALLEGED SPY.

However, No Incriminating Papers Have Been Found on Him.

Singapore, April 25.—A Russian giving his name as Vladimir Antonvitch, but carrying a passport made out in another name, has been arrested on the fortified island of Brani and arraigned here on the charge of being on government property without authority. He was remanded for a week. Antonvitch, who does not speak English, is residing with a non-commissioned officer in the ordnance department. It is popularly supposed Antonvitch is a spy, but the authorities say no incriminating papers have been discovered.

POSITIVELY LEFT.

Confirmation Has Been Obtained of Report That Squadron Departed.

Tsingtau, Shantung Peninsula, April 25.—Positive confirmation has been obtained here of the statement that the Russian squadron left Kamranh Bay April 22, and the Russian cruiser Svetlana, Russian hospital ship Orel and fourteen transports are still off Kamranh Bay.

The division of the Russian squadron commanded by Admiral Negobartoff had not joined the main squadron, commanded by Admiral Rojestvensky, up to Tuesday at noon.

TOGO NEAR FUSAN.

Japanese Admiral Was Reported Tuesday at Msampo Bay.

Tokio, April 25.—It is reported from Korea that Admiral Togo with a majority of his squadron is at Msampo bay, near Fusan, Korea.

Jap Ships Passed By.

Saigon, April 25.—Advices just received from Kamranh Bay say that twenty Japanese warships passed between 8 and 9 o'clock on the evening of April 23.

Judge Thayer of the Eighth judicial circuit died at St. Louis after a four months' illness.

As the result of rains strawberry crop of Smith county, Texas, has been badly damaged.

Edward Bolen, eighty-seven years old, a musician, who traveled with Jenny Lind, died at Okarche, Okla.

O. R. Roberts, seventy years old, was found dead in his cornfield in Woodward county, Oklahoma. Apoplexy.

By accidental discharge of his gun near Kelly, Okla., the head of James Cummings, a little boy, was blown off.

SON'S STATEMENT.

Roland Browne Says That His Father Had Been Drinking.

Hempstead, Tex., April 25.—The floor of the Waller county court house is smeared with blood and walls and ceiling scarred with marks of flying bullets from the awful tragedy of Monday night, which resulted in the killing of Congressman Pinckney, fatal wounding of his brother, Thomas D. Pinckney, and death of H. M. Browne and John E. Mills, during a mass meeting called to discuss question of requesting governor to send rangers to enforce prohibition laws. Waller county had again gone dry at the election last week after being under prohibition the preceding two years and numerous complaints had been made regarding non-enforcement of liquor laws.

Confusion exists as to how the shooting began. It was stated that R. E. Tompkins was making an address and was interrupted by H. M. Browne, who used language calculated to offend the ladies, a number being present. At the second interruption Tompkins was struck over the head with a pistol. Instantly a dozen six shooters were flashed and dozens of shots rang out with results already given.

Young Rowland Browne, himself wounded, gave out the following statement of the affair: "I knew papa had been drinking and did not want him to attend the meeting. He would go, however, and as a dutiful son I regarded it as my duty to accompany him and see that no harm should befall him. When he struck Tompkins I was in the rear of the room and knew something would happen. I rushed to where father was standing and saw that half a dozen guns had been drawn. I got up to where papa was and pulled my gun. It had four loads in it. I do not know whether I or Tom Pinckney shot first, but I heard a shot behind me about six feet away and I turned and saw John M. Pinckney shoot at papa. I turned around and shot at him three times."

Statements gathered indicate that trouble was not unexpected. Special trains carrying Texas rangers were run from Austin and Humble. Hempstead is quiet, but more trouble is feared. Relatives of some of the dead men were in Houston Tuesday morning buying ammunition.

TAX RATE DISCUSSED.

Motion to Postpone Further Action Until Tuesday Resulted in a Tie.

Austin, April 25.—The house spent the entire morning session of Tuesday discussing the bill to raise the ad valorem tax rate, nothing new developing in the argument. At noon a motion made by Representative Terrell of McLennan county to postpone further consideration until next Friday prevailed by a vote of 57 to 50. Upon verification of the vote, Masterson of Galveston claimed he had been recorded as voting no. His vote was allowed. That tied the vote, and motion to postpone was lost.

Senate had a bare quorum. Per diem and contingent expense bill passed finally.

Both branches of the legislature accepted an invitation to attend a vaudeville performance and barbecue given by citizens of Austin next Monday at Hyde park.

CURL DYING.

Reported Tuesday That Secretary Could Not Live Through Night.

Austin, April 25.—Secretary of State John R. Curl was reported Tuesday afternoon to be in a dying condition at Seton infirmary, where he has been for the past several weeks. He was not expected to live through Tuesday night.

Struck by Car.

Sherman, April 25.—A negro named Henry Emory was struck by an interurban car Monday night. He died at an early hour Tuesday morning. He is said to have stepped from the darkness onto the track almost immediately in front of the car.

TRACKS WASHED OUT.

Rained Almost Continuously For Over Sixty Hours Near Gallup.

Gallup, N. M., April 25.—No through trains were run in either direction on the Santa Fe for the past twelve hours and prospects for immediate repairing of a break in the line between Blue Water and Granite are very poor. The track for nearly half a mile is washed out. It has been raining almost continuously for sixty hours. Overland train No. 2, which left Los Angeles, was held at Gallup and other east bound trains are at Seligman on account of the wreck at Crookton early Tuesday caused by the soft tracks. The engineer and fireman of passenger train No. 8 were killed in the wreck.

MINOR MATTERS.

Cooper, Tex., Methodists expect to erect a \$10,000 church.

A larger business is to be leased for the Muskogee postoffice.

Frank Heinburger, a Katy fireman, died at San Antonio from apoplexy.

Commissioner Garfield, after he is done in California, is to visit Texas.

Ike Henry, an engineer, was run over by his locomotive near El Paso and killed.

Late Mrs. J. W. Perry and her new born babe were buried in one grave at Chico, Tex.

Wages of 5000 employes of Colorado Fuel and Iron company will be advanced from 7 to 20 per cent.

WEDNESDAY, APRIL 26.

Houston has finally got the gamblers on the run.

The sixshooter is a poor substitute for the gavel in a mass meeting.

Smith county reports \$30,000 to \$50,000 damages from rain to the strawberry crop.

Hon. D. J. Anthony, representative from Terrell, is a candidate for state treasurer.

The railroad commission has cut the rate on cotton 5 cents per 100 pounds; the differential is retained and the compress rules are not changed.

The awful tragedy at Hempstead, in which Congressman Pinckney and three others lost their lives, is a blow to all Texas, and will be heralded far and wide to her disadvantage. But Texas will continue to grow in spite of such things.

A. AND M. COLLEGE APPROPRIATION.

(Special to The News.)

Austin, Texas, April 24. — The board of managers of the Agricultural and Mechanical College were here today in conference with the lawmakers concerning the appropriation for the College at this Legislature. Two years ago the Legislature gave it \$367,000, and the Governor was compelled to cut exactly \$100,000 from the amount. President Houston of the College stated that the board would be willing to compromise this time on what the Governor allowed the College to have two years ago.

FROM HARRIS SCHOOL.

Harris, April 24, 1905.

To the Bryan Eagle.

I will write again this week, hoping to have better luck than time, when my letter was lost on the road. Not much loss, perhaps, but I was anxious for our friends to hear what a grand success the picnic was, and all about the delightful day we spent on the banks of the creek.

Miss Mary Robinson and Mrs. Gilstrap and children of Wheelock visited in this community Saturday and Sunday. We are sorry they came too late to join the hunt for rabbit eggs at Mr. Robinson's; as all who were there seemed to enjoy it. The older people joined in the hunt quite as merrily as the children. Little Gertrude Beard of Edge found the largest number of eggs—ten.

Harris School was well represented at the Kurten concert Saturday night, and they all say it was very entertaining.

Quite a number from here are going to attend the services at Cottonwood next Sunday, as we all like to hear Dr. Butler preach.

BOLD ROBBERY.

Couple Relieved of Diamonds and Then Locked Up in Closet.

Chicago, April 25.—On the pretense of serving a search warrant, three men have gained entrance to the apartments of Mrs. D. Gilmore in Twentieth street and at the point of revolvers robbed Mrs. Gilmore and Edward Giroux of \$2500 worth of diamonds. The victims were then bound and thrust into a closet and the door locked on them.

After the robbers had departed Mrs. Gilmore tugged at her bonds and released her hands. She and Giroux were half-strangled in their narrow quarters. Giroux, to get a breath of fresh air, kicked out one of the panels in the door. He attempted to crawl through this, but the opening was too narrow. Another panel was then broken and Mrs. Gilmore crawled through. She secured a duplicate key and released Giroux.

About \$5000 worth of jewelry sought by the robbers was overlooked.

AFTER LOTTERIES.

Government Officers Begin Active Campaign at San Francisco.

San Francisco, April 25.—Acting under instructions from Washington, federal officers Tuesday began what is declared to be an active campaign against lottery companies. Officers connected with the United States marshal's office and postoffice raided agencies of the Honduras and Mexican lotteries and surprised employees in the act of handling large quantities of tickets. Papers and packages were also secured as evidence. A number of employees were arrested.

Postoffice Inspector Monroe, said: "I can only say in a general way that it is on orders from Washington that I am working and information obtained by department from inspectors in San Antonio, in Colorado and in Louisiana, where these tickets are brought in from Honduras and Mexico. Raids already have been made at Los Angeles and other points. All complaints so far charge arrested parties with violating interstate commerce law, which makes it a felony, punishable with two years' imprisonment, to send lottery tickets from one state to another."

THIRD TRIAL ON.

Rand Says Young Spent Fifty Thousand Dollars on Defendant.

New York, April 25.—Third trial of Nan Patterson began in earnest Monday. The feature of the day's proceedings was the opening address of Assistant District Attorney Rand, in which he outlined what the prosecution intended to prove. He declared that Young never carried a pistol and that the government would prove that the revolver that killed Young was bought by Joseph Morgan Smith, brother-in-law of Nan Patterson.

Mr. Rand announced that he would prove by sworn evidence that "during the year Young maintained Nan Patterson he spent \$50,000 on her; that Nan Patterson and the Smiths entered into the alleged conspiracy to prevent Young from leaving this country and to avoid cutting off their enjoyment of his money."

STRIKE CALLED OFF.

Refusal of Garment Workers to Be Parties the Cause.

Chicago, April 25.—The teamsters called off their strike at Montgomery, Ward & Co. Refusal of the garment workers, in aid of whom the teamsters were on strike, to be parties to a fight against only one firm when they had grievances against a number led to a disruption of the committee managing the strike and the collapse of the struggle.

Taken to Columbus.

Columbus, O., April 25.—Copeland, the negro who is charged at Mount Vernon with assaulting and strangling Miss Miranda Brinker, and whom the sheriff saved from a mob by placing the man, wrapped up in an overcoat, in the bottom of an automobile, and speeding to Centerville, twelve miles from Mount Vernon, brought his prisoner here in a train. Copeland denies that he is guilty.

Sheridan Arrives From Manila.

Astoria, Ore., April 25.—The United States army transport Sheridan, from Manila via Nagasaki, having on board 421 men and thirty-five officers of the Fourteenth infantry, has arrived here. The Sheridan proceeded to Portland, whence the troops will be taken to Vancouver barracks.

Received News at Cleveland.

Cleveland, O., April 25.—William Winter Jefferson, a son of the late Joseph Jefferson, heard of the death of his father while passing through this city Sunday night en route to Belle fontaine, O. He has cancelled all engagements for his theatrical company and will then leave the stage indefinitely.

Atlanta, April 25.—President Harvie Jordan, of the Southern Cotton association, has issued a call for meetings to be held by farmers, merchants and business men of all classes on Tuesday, May 2. These meetings are very important to the success of the Southern Cotton association, and Mr. Jordan urges a full attendance.

Mr. William Flanagan and Miss
Addie Landers were married at the
courthouse in this city yesterday by
Justice W. Gillie Mitchell. They
arrived in Bryan from Limestone
county yesterday afternoon accom-
panied by the bride's brother, Albert
Landers. The young couple left last
night for Orange where they will re-
side. Mr. Landers returned to Lime-
stone county.

Mr. John E. Mills, one of the vic-
tims of the wholesale killing at
Hempstead, reported in the second

ing, was formerly a resident of Mil-
lican, Brazos county, and was a good
citizen and a quiet, peaceable man
whose death is deeply deplored.

T. J. Caywood and T. B. Martin
were in from Steep Hollow yester-
day. Mr. Caywood has everything
in readiness for making the applica-
tion for a postoffice to be established
at his place, which will likely be
called "Caywood," a very appro-
priate name.

W. A. Millican has entered the

the ranger service in West Texas in
the '80's and is an experienced man
well qualified for the position.

SYMPTOMS THAT INVITE GERMS.

Little Ailments that Should be Looked
After if One Wants to Keep Well.

Anyone who has any of the many
symptoms caused by poor digestion
should take special care to avoid
conditions where disease germs are
likely to be present. Extreme thin-
ness is the most common indication
of a weak stomach, but any of the
following symptoms are also good
evidence of stomach troubles.

Uneasiness at stomach	Confusion of mind
Acidity	Flatulency
Water-brash	Heartburn
Spitting up of food	Nausea
Colic	Gripes
Sensation of weight	Coated tongue
or heaviness at	Sour taste in the mouth
pit of stomach	Diarrhoea
Sore mouth	Dry skin
Constipation	Nervousness
Sediment in urine	Sick headache
Night sweats	Congestion of the head
Headache	Vertigo or dizziness
Cold hands and feet	Browiness
Pain under shoulder	Sleeplessness
blade	Pain between shoulders
Palpitation of the heart	Defects of vision or hearing

These little ailments, which indi-
cate a weak stomach and imperfect
digestion, should be looked after by
the use of Mi-o-na, if one wants to
keep well. A tablet of this remark-
able remedy, taken before each meal,
will so strengthen the stomach and
digestive organs that natural weight
will be restored and perfect health
and strength regained.

Mi-o-na is so nearly infallible in
curing indigestion and the many dis-
eases resulting from a weakened
stomach, that a guarantee to refund
the money is given with every box,
should it not give perfect satisfac-
tion. Ask E. J. Jenkins to show
you the Mi-o-na guarantee.

Mr. J. R. Astin on yesterday
showed the Eagle reporter plans
drawn by Architect J. C. Carter of
Lake Charles, La., for a 6-roller
sugar mill and refinery which the
planters propose building at Mum-
ford. They expect to capitalize the
enterprise at \$75,000 and plant a
large acreage of cane to supply the
mill. Considerable cane is grown in
that locality now, one planter, Mr.
Chas. Woods, having shipped 50 car
loads to Cunningham this year.
About \$25,000 is already pledged for
the mill and those interested hope
to have it in operation for handling
the 1906 crop.

The little son of Mr. and Mrs.
Arthur Gandy, 3½ years old, died at
their home in the Rock Prairie com-
munity Sunday night and was buried
at Wellborn yesterday morning at
11 o'clock. Rev. J. M. Bullock of

SEVERE STORM.

It Swept Over Portion of Oklahoma,
Doing Much Damage.

Lawton, April 25.—A severe storm
swept over southwest Oklahoma Mon-
day night, doing considerable dam-
age to property and causing floods in
all the lowland districts. Telegraph
and telephone wires to the west and
southwest are either down or out of
order and particulars cannot be
learned. It is reported that railroad
bridges on the Frisco and Rock Island
railroads are washed out and traffic
suspended. Rivers and creeks are over-
flowing their banks. At Snyder the
water flowed into the business houses
and residences and damaged household
goods and stocks. A heavy cloud hung
for an hour in the northwest and a
brilliant display of lightning accompa-
nied by heavy bursting thunders told
of the severity of the storm. Commu-
cation from that section could not be
obtained Tuesday morning.

R. F. Yoakum and associates are said
to have purchased the Beaumont, Sour
Lake and Western railroad from Beau-
mont to Sour Lake.

Terrible Aftermath of Recent Prohibition Election.

THREE LEADING CITIZENS EXPIRE.

Congressman Pinckney and H. M. Browne Shot to Death.

JOHN E. MILLS SOON BREATHES HIS LAST.

Brother of the Slain Member of the National Legislative Body Fatally Wounded and Two Others Injured.

Hempstead, Tex., April 25.—A tragedy by which three leading citizens of Waller county lost their lives and another fatally wounded occurred at this place Monday night. The county has just held a prohibition election in which the prohibitionists won by a good majority. On the day of the election three or four state rangers were put at the polls at the solicitation, it seems, of the sheriff. After the election several of the most prominent citizens began the circulation of a petition to the governor to place a number of rangers divided out to different places in the county and to remain indefinitely. It was stated in no uncertain terms that the county officers were failing to do their duty, and gave this as the sole reason for asking this protection. It was asked that these rangers be sent by the governor on the petition of the people, and that they enforce the laws.
Monday night was the time appointed for the last meeting of the Waller County Prohibition league to meet and wind up the affairs of the recent campaign and its end. It was proposed and decided to ratify the petition as a body. Considerable speaking was done over the matter, some of which was not altogether along this line. It was finally moved and seconded that the petition be endorsed.
Captain H. M. Browne had spoken at length, and had been responded to by Congressman John M. Pinckney. Captain Browne had taken his seat and R. E. Tompkins had gained the floor. Captain Browne continued to try to gain the floor and, seemingly seeing that his efforts were in vain, indulged in some improper language, which was objected to by the gentlemen who were present and had friends and relatives among the few ladies who were also present.
Browne clutched the coat of Tompkins, and this seemed to be the signal for a general mix-up. About 100 men were present, and in a moment all were in very close quarters when the scuffle began, and almost immediately firing began from at least half a dozen guns. After order was restored the following results were ascertained:
Congressman John M. Pinckney was dead, having been killed instantly. His brother, Thomas D. Pinckney, was mortally wounded. Captain H. M. Browne was dead, having been killed instantly. John E. Mills was fatally wounded, soon expiring. Roland Browne had been shot, but as he was removed at once it could not be ascertained how badly he was hurt. R. R. Tompkins had had received a flesh wound in the right side of his head.
Governor Lanham was at once notified and he ordered the adjutant general to the scene with state rangers.
John M. Pinckney was elected to congress at the last regular election by the Democrats of the Eighth district, only recently. He was about sixty years of age and a bachelor. He leaves a brother and one sister to mourn his loss. Thomas D. Pinckney is a brother of the deceased and had been engaged in the practice of law in this county for over twenty years. He was a few years the junior of the congressman.
Captain H. M. Browne was one of Hempstead's oldest and most respected citizens. He too, had been engaged in the practice of law in this county for a great number of years and had always been connected with the public life of the county. He leaves two sons and three daughters.
Roland Browne was the son of Captain Browne and a young man of about twenty-two years of age.
R. E. Tompkins is a highly respected citizen and was private secretary to Congressman Pinckney.

SILVER SERVICE GIVEN.
Beautiful Presentation Is Made to the Cruiser Galveston.
Galveston, April 25.—Monday afternoon the cruiser Galveston received from the city of Galveston that splendid silver service. The presentation speech was made by Hon. M. E. Kleberg, in which he highly complimented the navy, and argued for an increase of the navy.
Captain Cutler of the Galveston responded by accepting the service, and paid a magnificent tribute to the city, and said that neither it nor its namesake would ever blush for the other. The ceremony was held in the opera house. Fully 2500 people were in the audience. On the outside were nearly as many more who could not obtain admission.

CYCLONE AT GUTHRIE.
Courthouse Demolished and Little Boy Is Injured.
Guthrie, Tex., April 25.—A cyclone struck town Monday, wrecking A. L. Duren's house and the courthouse, demolished a vacant house of S. B. Burnett and destroyed a house and all the effects of Morgan Davis.
A little son of A. L. Duren was severely but not fatally injured.

LARGE SHORTAGE.

Bank President Confesses to Defalcation of Over Million Dollars.
Milwaukee, April 25.—Frank G. Bigelow, until Monday president of the First National bank of Milwaukee, was arrested, charged with the embezzlement of over \$1,000,000 of the bank's funds. The arrest of Mr. Bigelow followed his confession to the board of directors that he was a defaulter to the extent of \$1,450,000. Following Mr. Bigelow's confession he was removed from the presidency of the bank, and the facts of the case were laid before the Federal authorities.
The complaint was sworn to by United States District Attorney Butterfield. It charges that Bigelow, as president of the First National bank, embezzled a sum exceeding \$1,000,000. A complaint and warrant identical with those in Bigelow's case were made out to Henry G. Goll, assistant cashier of the bank.
President Bigelow was before United States Commissioner Blood Monday night. He waived hearing, and was held to the Federal grand jury under \$35,000 bonds. Dr. H. N. Brown and A. N. McGeech certified as securities, and Bigelow was released.

The announcement of the defalcation was followed by a rush of depositors to withdraw their money from the Wisconsin Trust company and the First National bank, the Wisconsin Trust company being the savings department of the bank. Many thousands of dollars were withdrawn, but on the other hand, a large number of people having confidence in the institution increased their deposits. Arrangements were hastily made to meet the run.
President Bigelow's confession was made at a special meeting of the board of directors Saturday evening and continued Sunday and all Sunday night. In addressing his fellow directors President Bigelow said he had a painful statement to make, a confession that he had misdirected the funds of the bank, and an examination of his books and a comparison of figures show that he was indebted to the bank to the amount of over \$1,450,000. This money, he said, had been lost in speculation in wheat and stocks. Not a dollar of it could be recovered, and the only sum he could offer toward compensating the bank was his personal securities, valued at approximately \$300,000.

When the Federal marshal called at the Bigelow residence to serve the warrant the former bank president was in the library with his wife, Mrs. Bigelow refused to withdraw, and the warrant was read in her presence.
"I'll be ready to go with you at once," said the banker. Then he kissed his wife an affectionate farewell and left with the officer, the two walking to the Federal building, where a court commissioner was in waiting. None of Mr. Bigelow's friends were in the court room during the brief proceedings.
When the resolution was adopted removing Mr. Bigelow from the presidency of the bank Henry Goll, assistant cashier, was also removed. The removal of the assistant cashier was due to the statement of Mr. Bigelow that he was aided by Goll in concealing the shortage in the bank's accounts.
The method adopted was an old one. Collection accounts were manipulated to the extent of 40 and in some cases 50 per cent to make it appear that the reserve fund was intact, and the amount of the increased collection fund was diverted to special stock operations. The reserve maintained in eastern banks was tampered with, the books of the First National being fixed so that the reserve appeared to be larger by several hundreds of thousands of dollars than it really was.
Directors raised \$1,635,000, one of them subscribing \$600,000.

MICKEY AT AUSTIN.
Governor of Nebraska Delivers an Address to the Legislators.
Austin, April 25.—Governor Mickey of Nebraska addressed members of the legislature Monday. He was met at the depot by a committee of the house and escorted to the statehouse. Governor Lanham introduced the gentleman. The chief executive of Nebraska said he was highly pleased with his visit to Texas and stated he would probably return and make investments. Among other things Mr. Mickey said:
"I have five sons. I have to pay \$25 to \$30 an acre for farming lands in Nebraska, and you have good farming lands for less money in Texas. I have five boys and they want to become interested here, (applause) and I have four lovely girls. (Renewed applause.) They may marry somebody and come to live in your state. (Cheers.) Thus it is that we scatter out. That is what makes the fraternal feeling in this country. I want you to understand that I was with the president. I am against race suicide. (Cheers.) He who wants this republic to become great and as God intended it should be must be in sympathy with this principle." (Applause.)
He went on to tell how they of Nebraska were interested in disposing of their surplus corn product, and said that as the result of the rate of 14c to the Gulf, the lowest rate they had ever had, the great train loads of the grain had been sent to the gulf ports during the past few months.

VIGOROUS PROTEST.
It Is Feared That More Neutrality Difficulties Will Arise.
Linden, April 25.—The correspondent at Tokio for the Daily Telegraph sends the following: "Japan is vigorously protesting against the preparations for flight from Shanghai of the Russian protected cruiser Askold. It is feared that more difficulties will arise on account of Chinese inability to enforce her neutrality with respect to the report that the Russian Pacific squadron is coaling off Kaitan."
Voted Two.
Austin, April 25.—Governor Lanham vetoed the bill appropriating \$10,000 to establish a Confederate woman's home and the bill to prohibit foreign insurance companies from removing suits against them into the Federal courts. Both are declared unconstitutional.

GATHER AT BANK.

Despite Assurance of Stability People Went to Secure Their Deposits.
Milwaukee, April 25.—Despite the assurance of the Milwaukee Trust company that it was in no manner involved by the financial trouble of Frank G. Bigelow, former president of the First National bank of Milwaukee, and confessed defaulter of more than \$1,000,000, crowds of people Tuesday were in line long before the opening of the Mercantile Trust company bank waiting to withdraw their deposits. Depositors gathered at the First National bank were comparatively few at first, but the number continued to increase. Bigelow had been a director of the Milwaukee Trust company, but when the defalcation became known he was removed as such by the board of directors. Notices posted on the bank window, which depositors, mostly working people, eagerly scanned, announced this fact, and that the Trust company is abundantly able and prepared to meet the demands of depositors and creditors. Notices posted on the windows of the First National bank and signed by the directors that the company was solvent seemed to reassure the depositors somewhat. No depositors gathered at any other banks at the time they were in evidence at the institutions mentioned.
Members of the Clearing House association examined the affairs of the bank and officers of other institutions in the city expressed confidence in the strongest terms in the ability of the First National bank to meet any emergency that might arise.
John I. Beggs, a director of the First National bank and one of the men who gave \$300,000 to make up the defalcation of Bigelow, said that the bank had borrowed \$2,000,000 from outside and local banks with which to meet any demands. He asserted that the bank had ample funds to meet all requirements.
As the hour approached for the opening of the bank the crowds gathered in front of the First National bank and Milwaukee Trust company became larger and extended for half square on Wisconsin and on East Water streets. A detail of police were present to maintain order.
The report that Mr. Bigelow held a large amount of Northern Pacific stock is emphatically denied here. Inquiry among brokers and personal friends of the former bank president developed there was very little of that stock held by local capitalists.
First National bank of Milwaukee and Milwaukee Trust company have decided to take advantage of the clause requiring that notice of thirty days be given before some under \$100 can be withdrawn, and notice of ninety days on sums exceeding \$100. Passbooks were so stamped when presented at the bank windows. The same rule applies to certificates of deposits.
Run on Milwaukee Trust company and First National bank ceased entirely Tuesday afternoon.

RECEIVER ASKED.
Proceedings Toward This End Instituted Against Equitable.
New York, April 25.—Receivership proceedings have been instituted against the Equitable Life Assurance Society by J. Wilcox Brown of Maryland, a policy holder. In the local supreme court here he filed an action against the society, asking for the appointment of a receiver of the surplus funds; an accounting for the benefit of himself and policy holders that may join with them in the proceedings; and injunction to prevent the society's holding the surplus. Brown alleges that the society's officials have disregarded their trust, and have not paid his proportion of the net surplus. His counsel issued a statement saying that the full surplus of the society is not legally retained from the policy holders, not lawfully used by the society, and that the profits due the policy holders, except the 7 per cent dividends, is intended to be swept aside by the stockholders' claims.
In the bill of complaint the complainant avers that the administration of funds of the society has been unlawful; that officers of the society have personal interests adverse to the interests of the policy holders; that some of the officers are personally interested in banks, trust companies, fire insurance companies and other corporations and syndicates with which the corporation habitually transacts business; that these facts have become a matter of public notoriety and scandal, and have brought the business of the society to a standstill, and the society is not a proper conservator of the funds belonging to the policy holders. He says that he has already been damaged to the extent of at least \$2000, and that his damage in the future will be more than \$2000 if the present course of the society is not restrained.

LAI'D TO REST.
Body of the Late Ambassador Interred in Native Land.
City of Mexico, April 25.—Remains of the late Ambassador Espinoza were laid to rest in Dolores cemetery Monday morning with solemn ceremonies. The cortege consisted of commissioners from the various government departments and representatives of the various foreign nations. A detachment of marines from the cruiser Columbia directly followed the remains. Then came President Diaz and Ambassador Clayton, Vice President Corral and Minister Marschal, the consular corps and two brigades of regular troops. Father Reamy, chaplain of the Columbia, conducted the services.

THIRTY-FIVE BUFFALO.
Largest Kind in the World and Are to Be Kept in Oklahoma.
Missula, Mont., April 25.—Thirty-five head of buffalo have been shipped from Arlee by M. Miller, who sends them to a point in Oklahoma about 300 miles south of Kansas City. These animals are from the famous Pablo herd, the largest in the world. Those shipped are adults and are an exceptionally choice lot.

DOMESTIC FINISH
Is the very best thing in the way of laundering. It's neat, it's modest, it's dresy, it's all the go, and is less injurious to clothes than gloss finish which has to be put on by friction, much to the detriment of the garment. Had it ever occurred to you that you never get a gloss pair of cuffs, collar or shirt new from store?
There certainly must be some reason why the factories do not put gloss on their goods. Don't you think so? Of course if you want to SHINE have your collars, cuffs and shirts done up at a gloss laundry or a Celestial den, but if you want to be up to now, have them laundered at
